REBUTTAL TO ARGUMENT IN OPPOSITION TO PROPOSITION 23

DON'T BE MISLED

Proposition 23 **only** impacts California's global warming law. Opponents never mention global warming because the ***law won't reduce global warming.***

VOTERS HAVE A CHOICE

YES on 23 saves jobs, prevents energy tax increases, and helps families, while preserving California's clean air and water laws.

NO on 23 imposes a massive energy tax on consumers, kills over a million jobs, and doesn't reduce global warming.

PROPOSITION 23 PROTECTS THE ENVIRONMENT AND PUBLIC HEALTH

Proposition 23 temporarily postpones greenhouse gas regulations, which have no direct public health impacts. It doesn't affect laws protecting air and water quality or laws combating asthma and lung disease.

PROPOSITION 23 SAVES JOBS, DOESN'T DISCOURAGE GREEN JOBS

Other states without our global warming law have stronger wind energy and renewable fuels industries than California.

2.3 million Californians are unemployed and ***Prop. 23 will save over a million jobs*** that would otherwise be eliminated.
